The Company

In 2002, the organisation decided on an objective to make things easier and life simpler. GM believes that the hardworking world deserves a less complex life, and the human struggles need to decrease through simple access to automation.

GM has redefined switch manufacturing in India. From switches to home automation, for more than two decades we have been catering 'better lives' to our customers across the country. By introducing innovation, GM incorporates advanced and imaginative products that have transformed people's lives tremendously. At GM, we believe in constant innovation and we are the market leaders in switches and accessories.

We have made space for good technology for every home by introducing some revolutionary products like new generation switches, home automation, Bluetooth music players, home security products, switchgears and brilliant contemporary range in LED lighting and luminaires.

Our innovations are the result of a strong research & development team, which is further complemented by an equally dedicated, and capable product design team. Our state-of-the-art manufacturing facilities are spread around 3 lakh square feet with the most efficient and high-grade machinery that produces the finest quality products carrying the GM logo.

Welcome to the most luxurious experience

I was always fascinated by GM's idea of luxury and therefore this successful association. Luxury is one brilliant idea. The one idea that further helps to elaborate creating functional products.

GM understands how important experiences are, and that is what we inculcate in our designs. FourFive is about classic timeless forms to unconventional designs, we find inspiration from everything.

Being GM's brand ambassador, I believe that luxury is that state of mind where experiences aid in creating the right mindset. GM's motive of offering convenience to a million, got my instant consent of collaboration. Moreover, with our passion towards our work, the excellence in creating products of exceptional quality, I can relate with my belief of giving it my all for that one perfect shot.

With all my heart, I welcome you to have the most luxurious GM experience.

Suniel Shetty
(Brand Ambassador)

reddot design award
design concept

GM has been honoured with the prestigious Red Dot Award, 2023. The Red Dot Award represents excellence in design and innovation, values that have always been at the core of our work at GM. Awarded for a path-breaking product that is an epitome of technological innovation and meticulous craftsmanship; the achievement is a testament to the collective efforts of talented teams at GM.

We at GM look forward to continue innovating and crafting more such products that would set newer benchmarks in the design and innovation industry.

GM
SWITCH TO A BETTER WORLD

BRING HOME THE SOPHISTICATED AND INGENIOUS

Uniformity in design hasn't lost its charm. The levelled flat surface of the new AER9 Switch brings consistency with this contemporary creative form. The switch leans out when switched on and with the new innovative mechanism, the switch aligns itself straight when turned off. The prominent and distinguished design character makes AER9 one of the finest switching solutions of the contemporary world.

SWITCH TO A BETTER WORLD

AerNOVA
FLAT SWITCHES

A MARVELLOUS CRAFTSMANSHIP

The AerNOVA Switch fascinates your mind. It simply attracts with its noticeably flat surface, thus making a new style statement in switch designing. The flatform of the switches establishes newer standards in switch design. AerNOVA complements spaces, escalates pride and sets an altogether new trend.

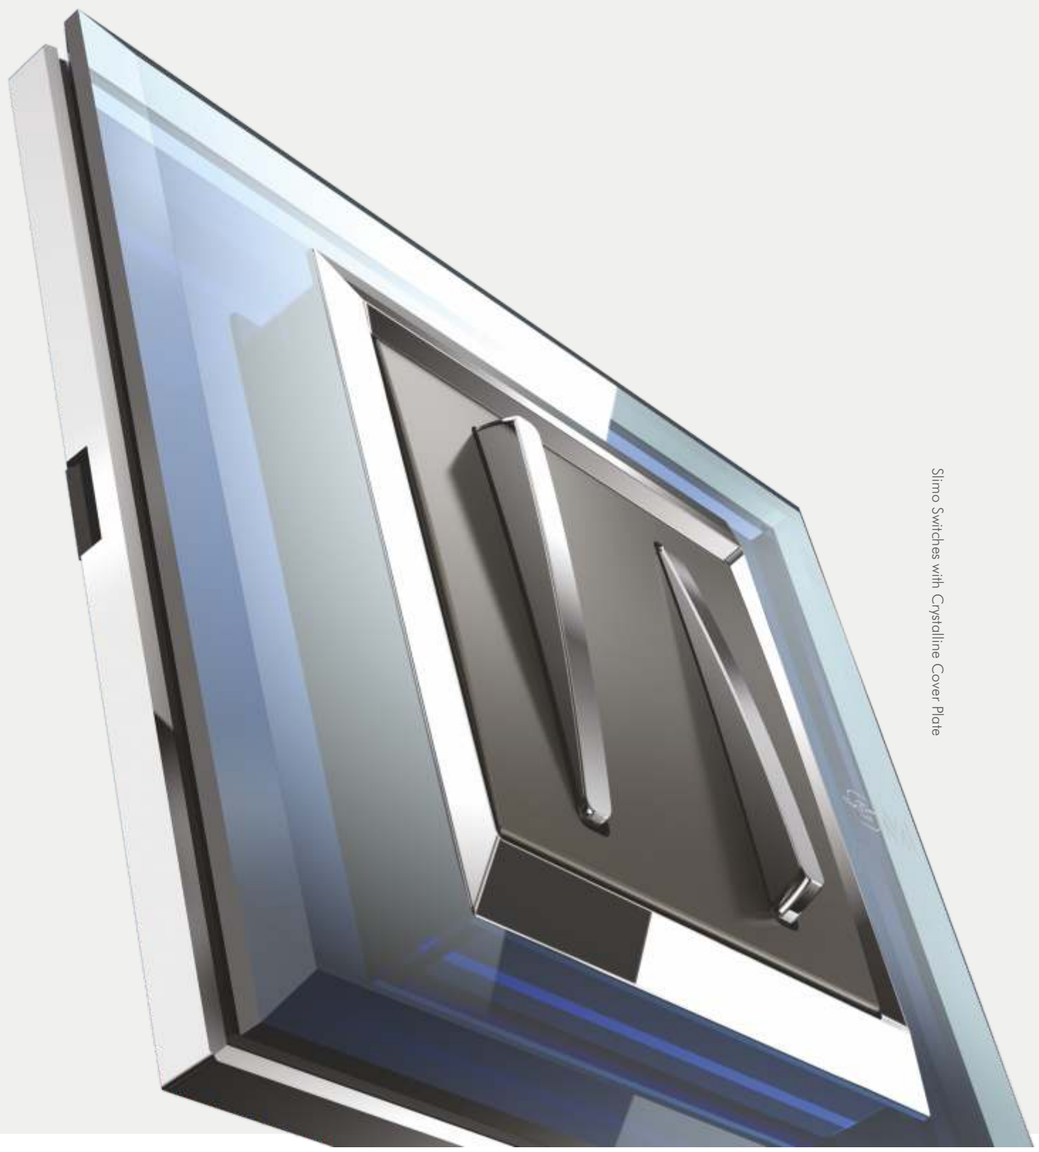
AerNOVA Switches with Wavio Metalik Cover Plate

SLIMO

ULTRA SLIM SWITCHES

YOUR AESTHETIC EDGE OVER THE OTHER

The ultra-slim, distinctive convex design of the new Slimo Switch is something you want to boast of. Slimo beautifully complements your home decor with its minimal design approach. It's unbelievably slim and yet makes a bold statement about your exceptional design sense. It allows your spaces to become a reflection of your artistic side.



Slimo Switches with Crystalline Cover Plate

Wave Switch with Wavio Cover Plate

THE MOST INNOVATIVE LUXURY SWITCH EVER

WAVE SWITCH

The GM Wave Switch is certainly one of the most extraordinary innovations of all time. Taking switching to a completely new level with a contactless function, this switch works with just a wave of your hand and is nothing less than pure magic. It unleashes new forms of convenience and comfort with the most innovative switch that performs various lighting functions simply by waving. Upgrade to a lifetime that is all the more luxurious.

Wi-Fi ROUTER 240V~ 50Hz 3 MODULE					
AA 3 163	8517	Wi-Fi Router + Extender 2300MBPS, Wireless Data Rate: 802.11a/b/g/n, DLNA Media Streaming, 2.4GHz with built in Dual antennas, Universal Repeater.	4300.00	4900.00	1/20
G-HUB - TABLE MOUNTED Qi CHARGER WITH HUB					
AA C 428	8504	G-HUB Table Mounted Qi Charger with Hub **Technical Specifications** 1. Power Input: PD Charger, 45W-65W Output 2. 2 HDMI Inputs, either from Type 'C' or from HDMI port 3. 2 HDMI Outputs, either from upper board or from lower board, supporting 4K, 30fps 4. Micro SD card reader, Max speed 480Mps 5. 2X USB3.0 transmission, up to 5Gbps, compatible with USB2.0 6. 1 USB3.0 transmission, up to 5Gbps, not compatible with USB2.0, USB Power Charging up to 5V 2A 7. Type 'C' Power Charging up to 5V 2A; 8. Lan Out up to 100M 9. Type 'C' input and output for Laptop, both for data and power 10. Wireless charger: 5W output **Tips** 1. There is only one output or input for HDMI simultaneously, while direct HDMI input and the upper output is in priority 2. Power charging output is dependent on AC power input, but total output of USB and of wireless charging is 10W 3. Power to charge Laptop should be required by the Laptop, maximum output is 60W 4. Lan port supports 1000M speed, but dependent on original input 5. We use very high solution to make the prototype, so it is a spec-leading product in performance 6. It is only a prototype, there must be some flaws, so your advice to improve the product is very important	-	14999.00	5/50
G-CHARGE - TABLE MOUNTED Qi CHARGER WITH USB					NEW
AA C 431	8504	G-CHARGE - Smart plug-in & charge with USB Type 'A' & Type 'C' Power Inputs: Wireless charging 5-15W USB-A 5V/2.4A (max) USB-C 5V/3A (max) USB-A + USB-C 5V/3A (max)	-	2500.00	1/20

THE ART OF ENGINEERING

Presenting the iPad Holder, made with perfection using sophisticated materials and a contemporary stylish design. The holder comes with a portrait or a landscape mounting option, instant mobility, and optional locking system. The high quality aluminium body encloses the iPad precisely and holds it firmly. Grace your living and working environment perfectly with the innovative iPad Holder.

Suitable for iPad wall mount (11")

- Easy to attach and remove the iPad from the holder
- Strong and safe 4-screw mounting
- Uniquely designed for indoor use to fit different interiors
- Comes in different colours and finishes
- Can be mounted both in horizontal or vertical orientation
- USB cable inlet for continuous charging

Suitable iPad Wall Mount - Metal Frame (11")

- Strong and safe 4-screw mounting
- Sturdy aluminium frame holding for protection
- Uniquely designed for indoor use, catering to different commercial spaces
- Can be mounted both in horizontal or vertical orientation
- Soft padding on the inside surfaces to prevent scratches on the iPad
- Speaker enhancement grill on both the sides of the holder, for directing the iPad sound towards the user with maximum output
- Theft-proof Allen Key Screw Lock on the side

*Also available iPad Wall Mount - Metal Frame (12.9")

VDP Wiring Diagram

APARTMENT VDP WIRING LAYOUT

SECURITY ISN'T AN OPTION ANY MORE. IT IS A NEED. AND THERE ARE A LOT OF THINGS YOU CAN DO TO TAKE PRECAUTIONS FROM CRIME. THUS IT IS IMPORTANT TO TAKE AN EXTRA STEP TO ENSURE YOUR PROPERTY IS PROTECTED WITH FOOLPROOF SECURITY. THE GM APARTMENT VIDEO DOOR PHONE EXTENDS ITS EXPERTISE TO RESIDENTIAL BUILDINGS BY INTRODUCING THE MULTI-APARTMENT VIDEO DOOR PHONE. THE MODERN AND INNOVATIVE APARTMENT VDP ADVANCED SYSTEM IS MADE TO MEET THE SECURITY NEEDS OF THE HIGH-RISE BUILDINGS. THE APARTMENT VDP HAS DUAL SAFETY PROCEDURE THAT PROVIDES EXCEPTIONAL PROTECTION TO HOMEOWNERS. THE VISITOR HAS TO BYPASS THE BUILDING ENTRANCE FIRST BEFORE HE REACHES THE RESPECTIVE HOUSE. THERE IS ANOTHER ADVANTAGE OF INTER-FLATS COMMUNICATION WITHIN THE BUILDING.

EXPRESS WHAT'S WITHIN YOUR HEART

COLOURS & MATERIALS

We respond instantly and instinctively to colour. The hues of orange give warmth and the shades of blue cools the mood. Red excites passion and white imparts a peaceful sensation. Colours have the energy to communicate with the senses.

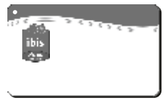
Switch Plates and Accessories Customisation

Often, the market requests the possibility to personalise the front part of the Switches Plates with symbols or inscriptions, or the personalisation of the front plates with identifying marks. These marks are required to enhance the prestige and image.

GM offers the possibility to produce inscriptions, symbols, logos or special marks on the accessories or switch plates. The personalisation is done using laser technology. It allows the reproduction of any name, logotype or trademark, with absolute precision and indelibility even for small quantities.

Examples

SWITCH PLATE



SMART CARD

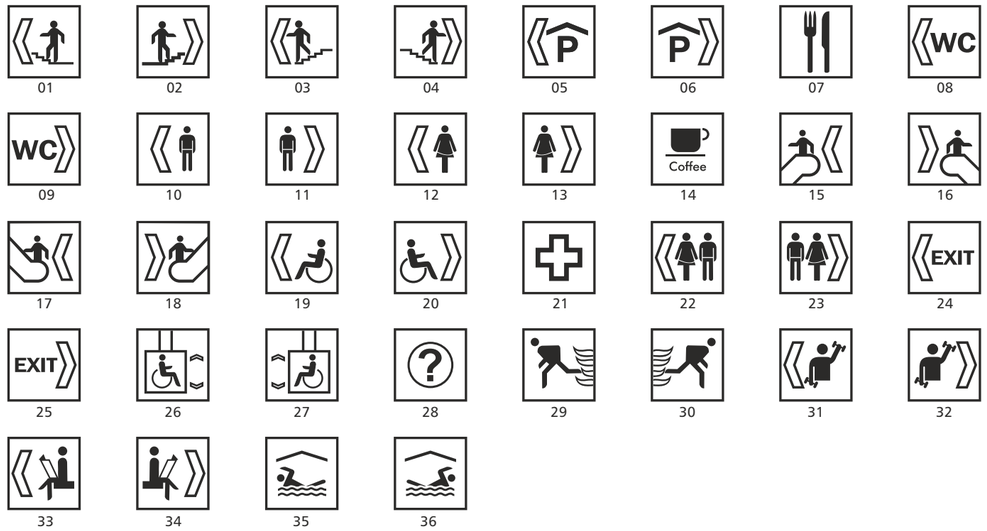
SIGNAGE SLIDE (AA 3 161 MA)

SIGNAGE SLIDE (AA 3 123 MA)

Request of Customisation

- Switch plates and Smart card - Please supply the image in EPS or TIFF format through e-mail/CD.
- Edge Glow LED Signage Slides - While ordering engraving of customised symbols on slides, wherever possible, reference should be made of the product code along with the number of symbol. (e.g. AA 3 123 MA / AA 3 161 MA means signage edge glow square slide with EXIT direction symbol).
- Please contact the customer service department for feasibility, quality and delivery time.

Symbols for customisable slides of LED Signage & Edge Glow LED Signage (laser engraving)



Hospitality is the defining aspect of customer satisfaction as it's all about quality products & services. Signage solutions play an important role in communicating clear directions, amenity information and visual guidance to visitors. Hospitality covers plenty of fields under its shelter like hotels, restaurants, motels, malls, theatres and so on.
We understand that providing good quality products often help a client patronize the respective establishment, because we believe that what you serve often reflects what you are.

SMART SOLUTIONS FOR HOTEL AND HOSPITALITY SIGNAGE APPLICATIONS

ULTRA

DELIVERING A THRILLING EXPERIENCE

SLIMEST CHOICE EVER

The idea of 'creating with the best intentions' is at the core of GX to give you the most comforting experience all around your home. Starting from revolutionary switches, tailor-made regulators, soothing night lamps to innovative step-markers and more. The GX range is by far the most contemporary and the most evolved rendition of today, and is all set to deliver a thrilling experience to you.

REVOLUTIONISING YOUR HOME EXPERIENCES

Although change is the only constant, it requires true will to take the leap. Give yourself and your home a fair chance to experience real comfort and ultimate sophistication. Make a smart transition to a better lifestyle with the GX range of switches and accessories that exemplify elegance and luxury.

GX10

Designer Switch Plates

X5

INTRODUCING THE ABSOLUTE STUNNER

The modern man is known by his choices! For having a contemporary household setup that matches one's lifestyle, paying attention to the details becomes a significant necessity. The new X5 Switch Plate's sophisticated style effortlessly qualifies for the premium standards in interior design. The smooth surface and curved edges that are stunningly balanced on all four sides add to its sleekness, making it an absolute stunner on your walls.

Flat Switches with X5 Cover Plate

Ace Switches with X6 Cover Plate

ADDING CHARM TO EXCELLENCE

X6 SWITCH PLATE

Introducing the new X6 Switch Plate that dominates the legacy in Elite White. While the edges on the sides display an ascending high to grant an elevated effect, the perfectly chiseled chrome outline in the center beautifully accentuates the switches. The lustrous smooth texture of the finely crafted plate exudes elegance and truly enhances the switching experience.

Genia and Java Switches with X-Brillo Cover Plates

GM
SWITCH TO A BETTER WORLD

IT'S TIME FOR A REVOLUTION

SMART SWITCHES

The G-Nine range of switches & accessories is inspired by good design and innovative ideas that emphasise the quality of a product. We sincerely believe your home should tell the story of who you are and what you love. In a progressive world, our tastes keep on changing and it is very important to stay in touch with the trend. With a little revolution in the things we use, we progress and move ahead with the world.

THIS IS THE OPPORTUNITY TO EXPERIENCE TRUE COMFORT

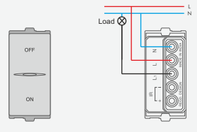
1 Switch

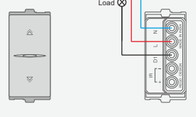
- Rated Voltage - 110-240V~ • Rated Load

a) Resistive 6A. b) Incandescent Lamp - 1000W.
c) Halogen with Transformer - 700W.
d) Halogen without Transformer - 1000W.
e) Compact Fluorescent Lamp - 300W.
f) Inductive Motor Load (power factor 0.6 lag) 1.8A.



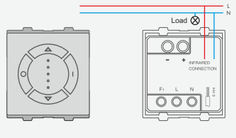
Dimmer

- Rated Voltage - 110-240V~ 50Hz
- Rated Load - 450W
- 9 Stage for Level of Intensity of Light
- Tested for 20,000 Switching Cycles at Rated Voltage and Rated Load
- Low Internal Power Loss Giving Rise to Minimum Temperature Rise
- Working Principle - Dimmer Triac Base



5 Step Fan Regulator

- Rated Voltage - 110-240V~ 50Hz
- Rated Load - 100W
- Tested for 20,000 Switching Cycles at Rated Voltage and Rated Load
- Low Internal Power Loss Giving Rise to Minimum Temperature Rise



Infrared Transmitter

- Rated Voltage - 110-240V~ 50Hz
- IR Receiver

DISTINCTION IN REPUTATION

SWITCH PLATES

The G-Nine Switch Plates have pleasing finishes in glossy, metallic and wood. The switch plates are well-suited for a good design reputation and the gently risen contours in the centre become a visible and distinctive factor of the switch plates. Add the charm of an individualistic design of the G-Nine Switch Plates and live the joy of a good lifestyle.

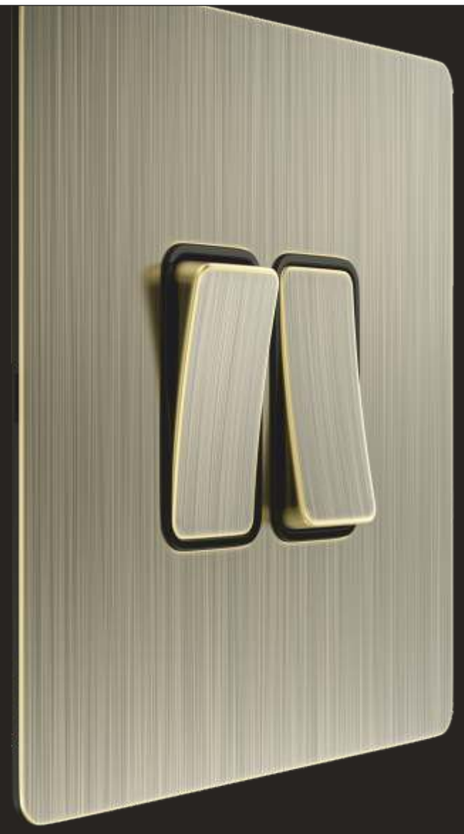
The artistry of luxury switching

Time and technology join together in a successful symbiosis: The G7 Posh series. The classic retro design becomes the inviting focal point. The switches are all true to the technical principles, artistry, and values of GM design sensibility. The matt black finish beautifully envelopes the frame with minimal texture. A blend of classic design and modern features, the G7 Posh series superbly captures the essence of being timeless.

G7 SERIES

SWITCHES & ACCESSORIES



This is the idea of extravagance

Everything recurs with time, and we are bringing you the innovation that leads you back to the best of it. Introducing the G7 Premium Series; a modern representation of the traditional style. The switches have a gorgeous lustrous frame infused with a modern mechanism for a smooth switching experience. The sophisticated black finish of the switch brings a touch of timelessness to the spaces. With magnificent functionality and affluent design, G7 Premium is by far the most beautiful switch out there.

This is the celebration of grandeur

Everything recurs with time, and we are bringing you the innovation that leads you back to the best of it. Introducing the G7 Premium Series; a modern representation of the traditional style. The switches have a lustrous chrome frame infused with a modern mechanism for a smooth switching experience. With magnificent functionality and affluent design, G7 Premium is the most beautiful switch out there.

EVOLUTION IS INEVITABLE

SWITCHES & ACCESSORIES

Each passing day a new idea takes shape that transforms the present into something better. A concept that evolves with time and stands the test of time, that is, G-Era. It is all about bringing newness to things. It is the joy of offering new solutions to all the spatial needs within a home. G-Era is about the new, which is you.

FINEST PERFORMANCE COMPLETE PROTECTION

DB AND SWITCHGEAR

These are built to perfection and designed to ensure efficiency and protection providing uncompromising safety.

GM
SWITCH TO A BETTER WORLD

SECURE YOUR WORLD WITH UNMATCHED SAFETY

Miniature Circuit Breakers (MCBs) ensure electrical safety for homes, offices, buildings and industrial areas by protecting electrical installations against overloads and short circuits.

WARRANTY 3 YEARS WARRANTY

Bi Stable Clip

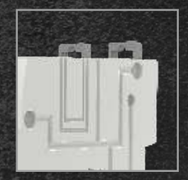
DIN Rail Mountable

Protection

Trip-free Mechanism

KEY FEATURES

State-Of-The-Art Design
The MCB is elegant and has an ergonomically designed knob for better grip.



Easy Removal From DIN RAIL Channel
The MCB can be snap-fitted easily on DIN Channel of width 35mm. Removal of MCB from a channel of MCBs can be done conveniently without disturbing other installed devices.

10kA Braking Capacity
High speed current braking at short circuit with energy limiting class of 3 fulfils the requirement of safety & protection from high current in small time milliseconds.

IP20 Protection
GM believes in safety first. Finger-proof terminals eliminate chances of accidental contact with live parts as all of them are shrouded/inaccessible, ensuring safety of installers.

Termination Capability
Maximum Termination Capacity of the connecting terminals is both side Top and Bottom terminals, enabling the use of aluminum conductor in DB.

Certificates
GM MCB is ISI marked as per IS/IEC 60898-1. This product has CE certification.

Line Load Reversibility
The connections to the line/load supply can be made from either top terminal or bottom terminal. The design of the MCB doesn't differentiate between feeding of line current from either side.

FEATURES:

1. In accordance with IS/IEC 60898-1, 240/415V, AC, 50Hz
2. Flame Retardant material of Housing and Cover
3. Busbar and Cable Connection Facility
4. Easy Mounting with two steps DIN rail
5. On/Off indication
6. Rated short Circuit Breaking Capacity 10kA
8. Padlocking facility
9. Low Watt loss
10. Trip indication
11. Safety shutter

FEATURES:

1. Conforms to IS/IEC 60947-3, 240V / 415V, AC, 50 Hz
2. Isolator DP, TP, FP 40A - 100A
3. Utilization category AC 22A
4. Complete range in same frame
5. Clear ON/OFF Indication for the complete range
6. Bi-connect terminals offer flexibility to operate either with busbar or cable connection
7. Longer electrical and mechanical life
8. Low power consumption, thus cost effective and energy saving

GM V R300F 063	8536	RCCB 63A FP (300 mA)	3308.00	3/24

FEATURES:

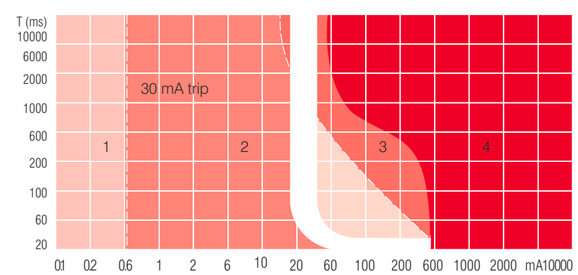
1. In accordance with IS 12640 (Part-1) & IEC 61008 - 1, 240/4 415V, AC, 50 Hz, with 6kA Short Circuit withstand capacity
2. Elegant appearance
3. No nuisance tripping
4. Fastest tripping mechanism
5. Bi-connect terminals for bus bar as well as cable connection
6. IP20 protection finger touch proof connection terminals as well
7. Truly current operated, operates even at very low voltage
8. High short current withstand capacity
9. Large terminal size 35 sq mm
10. Flame retardant body and cover does not melt/drip even at high temperature

EFFECTS of electric current through human body

The flow of current while using electricity always involves risk. Poorly insulated apparatus, faulty wires or incorrect use of an electrical device may cause the current to flow through the wrong path. The below mentioned current is also known as Leakage Current.

500 mA	Immediate heart attack leading to death
70-100 mA	Cardiac fibrillation, the heart vibrates at an unsteady rate and can get fatal as it is irreversible
20-30 mA	Muscle contraction can cause respiratory paralysis
10 mA	The person remains stuck to the conductor due to muscle contraction
1-10 mA	Prickling sensations

Electrocution should not be viewed in terms of "current" alone, but in terms of "contact voltage". A person gets electrocuted by coming in contact with an object that has a different potential from his/her own. The difference in potential causes the current to flow through the body. The amount of current through the human body for a given voltage depends on the resistance of the body. The interior of the human body is a good conductor due to abundance of iron in the body fluids. The main barrier to current flow is the skin. The resistance of the skin decreases significantly when it is wet.



1. USUALLY NO REACTION EFFECT
2. USUALLY NO DANGER OF FIBRILLATION
3. USUALLY NO PATHOPHYSIOLOGICALLY DANGEROUS EFFECT
4. FIBRILLATION DANGER (MORE THAN 50% PROBABILITY)

Providing Uncompromising Safety

G-VAULT

- Elegant Appearance
- Fastest Tripping Mechanism
- Low Voltage Operation
- High Short Current Withstand Capacity
- Flame Retardant Body
- Heat Resistant Cover

ABSOLUTE POWER & RELIABILITY

G-VAULT - *ACCL*

Automatic Changeover with Current Limiter

Upon failure of the mains power supply, the changeover device automatically transfers the load from the mains power supply to the generator supply. It also functions as a load limiter by monitoring the current drawn from the generator, thereby reducing the stress on the generator.

- 4 Module
- DIN Channel Mountable
- Uninterrupted Power Supply
- Durable
- Automatic Changeover

WARRANTY 3 YEARS WARRANTY

32A AUTOMATIC CHANGEOVER SWITCH

Automatic Changeover Switch

WARRANTY 1 YEAR WARRANTY

- Heavy-duty Mechanical Double Pole Relay
- Lingjie Diode For High Durability
- 8000 Hour Capacitor Life
- SMPS Technology
- High-grade Copper Wire

GM V ACCL 300	8536	ACCL 30A/30.A - (6000W)- 4M	2595.00	1/18

FEATURES:

1. Automatic changeover between main and generator supply with overload protection in generator mode
2. Contactor based single phase ACCL
3. Utilization category AC32A & AC22A can switch heavy loads
4. 5 kA short circuit capacity
5. Low power consumption as coil operates only during generator supply
6. During overload, load will be on for 10 sec so that user gets some time to switch off unwanted loads
7. Overload indication via LED & Beep
8. Auto Reset Facility

AUTOMATIC CHANGEOVER SWITCH

GM V 0742	8536	32A/240V~ SINGLE PHASE	2074.00	1/8

GM V 0745	8536	63A/415V~ THREE PHASE - FP	12705.00	1/4

FEATURES:

1. Heavy duty electro mechanical double pole relay
2. High Grade Copper Wire
3. CRCA sheet (Phosphatized & powder coated), phase changes automatically

G-VAULT PREMIUM | GM Distribution Boards

GM SWITCH TO A BETTER WORLD

Reversible Door
On the location of the installation simply shift the hinge assembly from left to right to open the door. (depending on your choice)

Pan Assembly
This concept facilitates detaching of the chassis from the DB & the required wiring for the circuit protection device can be done at a convenient location.

IP43 Protection
Offers added protection from solid and water fall at 60° from verticals.

Ample Space for Wiring
Ample space for wiring is provided to ensure proper distribution of neutral & earth wires.

Side Locking Din Rail Stopper
Stopper are provided at the corner of the DIN RAIL for avoiding slippage of device.

Insulated Copper Fork Type BUSBAR
All DBs have this facility for quick & easy installation for 100A Rating.

Cement Spill Protector
The Cement spill protector prevents entry of dust or cement particles inside the DB during the construction period at side. The installation guidelines are mentioned elaborately on cement spill protector.

Integrated Frame Design
DB has a unique feature of the frame integrated into the BOX.

Door Earthing
Door earthing makes the entire DB totally shocks proof. Benefits: Highly shock proof

Visual Anti-inserting Facility
Aids in identifying the box inserting level in the wall

Front Plates Studs
Front plates studs are provided for easy lifting.

Double Mounting Key Holes
Every DB is provided with key holes for flush as well as surface mounting

Shrouded Neutral Bar
Shrouded Neutral Bar facilitate safety of installation and human life.

Door & Shield Independent
During maintenance jobs. One can just remove the shield without removing the entire DB.

Embossed Earthing Identification
Clear earthing marking for ease of installation.

Detachable Gland Plates
With different size of knockouts detachable gland plates at the top and bottom of the DB facilitate easy entry and exit of the cable. Thus one can remove the entire plate from incoming and outgoing terminals.

Front Door Aesthetics
The aesthetically designed front facia of the DB adds an alluring dimension to the living space.

Installation Manual Sheet
DB comes with installation manual sheet for safe and easy installation of the circuit breakers.

Identification Level and Blank Plate
Identification level and blank plate are provided for the circuit.

Identified Wire Set
All DBs are equipped with wire set better device management.

Circuit Lable Diagram
Circuit lable diagram is provided to avoid any mismatch during wiring.

Internal Sliding Knob/Latch
Aesthetically appealing curved 2 pieces gray coloured auto locking latch.

JUNIOR PHASE SELECTOR DD (WITH 63AMP ROTARY SWITCH)				
GM L 0529	8537	04W JR PHASE SELECTOR-ROTARY 63A	6515.00	1/3
GM L 0530	8537	06W JR PHASE SELECTOR-ROTARY 63A	7553.00	1/2
GM L 0531	8537	08W JR PHASE SELECTOR-ROTARY 63A Incomer 8 pole	8352.00	1/2

FEATURES:

1. Protection IP 42, IK 09 made of Steel Sheet (Phosphatised & powder coated)
2. Din rail, shrouded neutral link, insulated bus bar, earth link & cable ties for cable management with inbuilt
3. Powder coated RAL 7035 fine texture
4. 3 nos. of 63A Rotary switches.
5. Suitable for flush mounting & surface mounting with door earthing & provision for FP MCB / ISOLATOR / RCCB / RCBO as incomer & SP MCBs as outgoing

*MCB not included

METER BOX -(ENCLOSURE)				
GM L 0532	8537	METER BOX - SPN (ENCLOSURE)	2600.00	1/2
GM L 0533	8537	METER BOX - TPN (ENCLOSURE)	3900.00	1/2

FEATURES:

1. Acrylic Window provided for Meter Display
2. LED & MCB Cutout Provided
3. Wooden Plate provided for Meter Mounting
4. Detachable Gland Plate
5. Knockout provided at Top, Bottom & Side for cable entry
6. Powder Coating RAL - 7035
7. Earthing Stud Provided

*MCB & LED Indicator Not Included

GM
SWITCH TO A BETTER WORLD

SAFE HOMES FOR A BETTER WORLD

Busbar chambers are metallic strips or bars, housed inside switchgears, panel boards and busway enclosures for high current power distribution and straight forward network configuration. The main purpose of it is to conduct a substantial current of electricity.

Busbar Chamber

COMPLETE SAFETY OF YOUR LOVED ONES

The Rewirable Switch Fuse Units are used for distributing power and protecting electrical devices and cables from damage due to fluctuations. This fuse unit is housed in an enclosure made using quality CR steel sheet. The fuse units are stringently tested in compliance.

Switch Fuse Unit

- Double Use Of The Busbar Space
- Seven Tank Texture Powder Coating
- Easy Wiring And Installation
- Flush/ Surface Mounting
- CRCA Sheet Protected From Dust and Rain
- Unique Handle Design With ON Indicator
- Interlock Switches To Avoid Accidents
- Phosphatised Powder Coating

BUSBAR CHAMBER (TPN)

CODE	HSN CODE	ITEM	MRP ₹	STD./ MST. PKG.
GM L 0505	8536	32A/415V TPN BUSBAR CHAMBER	2730.00	1/5

GM
SWITCH TO A BETTER WORLD

THE BACKBONE OF A SAFE LIFESTYLE

WARRANTY 3 YEARS WARRANTY

Flame Retardant

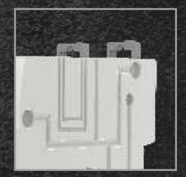
DIN Channel Mountable

ON/OFF Indicator

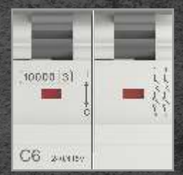
Elegant Appearance

KEY FEATURES

State-of-the-art Design
GM MCB has state-of-the-art design. The MCB is elegant and has an ergonomically designed knob for better grip.



Easy Removal From DIN RAIL Channel
MCB can be snap fit easily on DIN Channel of width 35mm. Removal of MCB from a channel of MCBs can be done conveniently without disturbing other installed devices.

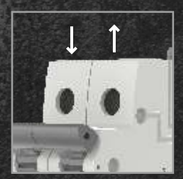


10kA Breaking Capacity
High speed current braking at short circuit with energy limiting class of 3 fulfils the requirement of safety & protection from high current in small time milliseconds.

IP20 Protection
GM believes in safety first. Finger proof terminals eliminate chances of accidental contact with live parts as all of them are shrouded/inaccessible, ensuring safety of installers.

Termination Capability
Maximum Termination Capacity of the connecting terminals is both side Top and Bottom terminals, enabling the use of aluminum conductor in DB.

Certificates
GM MCB is ISI marked as per IS/IEC 60898-1. This product has CE certification.



Line Load Reversibility
The connections to the line/load supply can be made from either top terminal or bottom terminal. The design of the MCB doesn't differentiate between feeding of line current from either side.

ON-OFF Contact Indication
Green indication on the position contact indicator ensure the physical opening of the contact. Red Indication shows that the circuit is ON.

GM H IF 125	8536	ISO 125A FP	1259.00	3/60

FEATURES:

1. Conforms to IS/IEC 60947-3, 240V / 415V, AC, 50 Hz
2. Isolator DP, TP, FP 40A - 100A
3. Utilization category AC 22A
4. Low Watt Loss
5. Complete range in same frame
6. Clear ON-OFF Indication for the complete range
7. Bi-connect terminals offer flexibility to operate either with Busbar or Cable Connection
8. Longer electrical and mechanical life
9. Low power consumption, thus cost effective and energy saving

GM H R300F 063	8536	RCCB 63A FP (300 mA)	2888.00	3/24

FEATURES:

1. In accordance with IS 12640 (Part-1) & IEC 61008 - 1, 240/4 415V, AC, 50 Hz, with 6kA Short Circuit withstand capacity.
2. Elegant appearance
3. Label Indicator
4. Fastest tripping mechanism
5. Bi-connect terminals for Busbar as well as cable connection
6. IP20 protection finger touch proof connection terminals as well
7. Truly current operated, operates even at very low voltage
8. High short current withstand capacity
9. Flame retardant body and cover does not melt/drip even at high temperature

ESSENTIAL UTILITY PRODUCTS FOR EVOLVING LIFESTYLES

Introducing the atomizing steamer, your go-to skincare companion for a personalised spa experience. This compact device ensures full-coverage purified steam, featuring a sleek, travel-friendly design and four aromatherapy oil caps. With GM's advanced Air Purifier, swiftly eliminate airborne pollutants and odours for a fresh, clean space. Its user-friendly design includes a one-click detachable dust cup for effortless cleaning and with USB recharging, enjoy cordless ease wherever life takes you. Also, presenting the portable and noiseless powerhouse in cleaning technology - The Vacuum Cleaner. This compact vacuum boasts impressive suction capabilities, effortlessly eliminating dust, dirt, and debris from nooks & corners of your cars. Experience the perfect blend of skincare and air purification in one compact and stylish package.

UPGRADING THE BASICS

Everyone enjoys personalising items to their choices and requirements. And the good news is, technology can now be tailored to your preferences. The GM Power Tracks allow manual installation of a variety of electrical components, which simplify daily operations. The tracks can be efficiently installed on long tables at homes or office conferences or even on the walls, making them appropriate for both residential and commercial sectors. They facilitate work and astound with their simple yet intelligent existence.

SWITCHING CONVENIENCE AT YOUR FINGERTIPS

Step into a world of effortless control and style with our innovative switches, integrated with Alexa and Google voice commands. Designed to elevate your spaces, the GM Pi range offers a seamless blend of modern design, functionality, and precision. With the power of smart technology, you can redefine your environment with just your voice, making every moment convenient and staying connected. Easily manage your devices remotely with the GM Konnect App from anywhere using a tablet or a smartphone. It is your turn to switch on comfort with Pi Switches and Accessories. This is where convenience and sophistication meet in perfect harmony.

GM
SWITCH TO A BETTER WORLD

THE MODERN HOT WATER SOLUTION

Made for Modern Homes: The GM R1X Water Heater provides hot water quickly and efficiently. The body is made with durable material that is anti-corrosive and resistant to scale deposition. Features such as water temperature indicator and temperature control minimise power consumption and make it simple to operate, providing a convenient experience.

R1X WATER HEATER

ORCA DESIGNER DRY IRON

WIDER, FASTER, EASIER

The most powerful iron, Orca ensures smooth ironing with its non-stick, dual-layer coated, wider soleplate for fast ironing. With a reverse-glide friendly design, it ensures an easy ironing experience. Here's the perfect household iron for all fabric types.

REVOLUTIONARY COMFORT WRAPPED IN A BLADELESS INNOVATION

The Oxy Air Signature Series Bladeless Fan comes with a suspended air purifier containing a HEPA filter. With a built-in air quality sensor, 120° oscillation, 30° tilt angle, UV sterilisation, room temperature humidity value display, smart control, off timer, nine speed levels, and low noise, Oxy Air is a revolutionary fan in an elegant tripod shape.

OXY AIR BLADELESS FAN + SUSPENDED AIR PURIFIER

Notes

To make a better world, make life simpler.

It is what we strongly believe in. It is not just about innovating products, it's about everything we do that affects people and environment around us. We find us responsible to do things differently and in a better way. These are few initiatives we have already set into motion.

CLIMATE IMPACT

GM Modular supports the Climate Impact cause. We want to help carve a better cleaner world and that is why we started a strategic policy initiative. We are committed to align operations and strategies with environment friendly principles.

RECYCLE

We constantly find ways to make more out of less. That is why we try our best to use a recyclable resource. From tiny metal pieces to whatever that can harm the environment in reproducing, we reuse it.

LESS TRANSPORT

We have regional distribution centres spread across the country. In order to reduce the distance that our products have to travel to reach our customers, we have distribution centres with our channel partners to cut down on the transportation distance that helps curb CO2 emissions.

BETTER HOME ENVIRONMENT

A good home environment is important for your health and well-being. It is not only the ventilation and construction materials, but also the things you have inside, that influence the indoor environment of your home. GM refrains from using any harmful raw material that may cause unhealthy circumstances to life.

CERITIFIED

To help consumers make qualified decisions in choosing products that contribute to a healthy lifestyle, GM products have received safety certifications from around the world, as they have been tested thoroughly with regards to their functioning.

Harmonising design and technology

The GM product range sets standards in design, function and technique. GM offers high-quality design, attractive colours and numerous intelligent functions with switches and automation. Our intent is to raise the quality of life and therefore, all products are designed to harmonize perfectly, with each other. From switches to socket outlets, from music technology to home automation, the use of GM products is not only attractive, but also convincingly comfortable. Having clear operating instructions in our packaging with the most important technical data assists in the safe and faultless installation of every GM product.
