The image shows five black metal hooks of different sizes hanging from a white board. The hooks are arranged in a row from left to right, with the largest hook on the far left and the smallest on the far right. Each hook is made of a single piece of metal bent into a U-shape. The smallest hook on the right has a white, scalloped-edged tag attached to its top end with a green string. Below the hooks, there is a small circular hole in the white board.
