Pioneering A Health Revolution & Improving
India's Sleep Since 1963.

DUROPEDIC

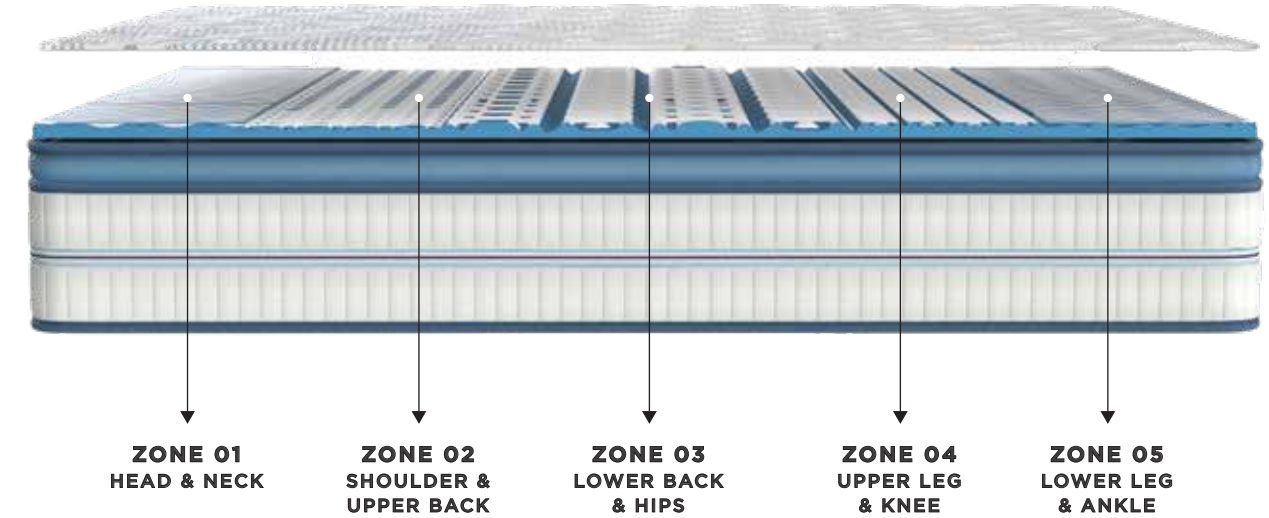

NEW & IMPROVED

Experience orthopedic excellence with our flagship range of Duropedic mattresses. Endorsed by the National Health Academy, these mattresses are scientifically tested and doctor recommended for great orthopedic support. Engineered alongside orthopedists, this range touts an innovative 5 Zone Full Body Support System that provides comfort to 5 crucial pressure zones in the body.

Inspired by the buoyant comfort of water and resembling the waves & ripples of the beautiful ocean, our Duropedic range is a true orthopedic design. Made with new age international aesthetics and engineered with best-in-class technology, this range corrects your posture, aligns your spine, and relieves back and joint pain. With Duropedic, your back is always in good hands.

5 ZONE ORTHOPEDIC TECHNOLOGY

Our body is divided into 5 zones. Each one of the zones exerts different pressure and hence needs a different level of support. Our 5 zone dual density orthopedic technology does exactly that. Tested and approved by experts at National Health Academy, it offers differentiated support based on the weight of each zone while relaxing your spine and promising a great night's sleep.

Posture Perfect

A specialised Pocket Spring mattress that prioritises your back health. Engineered with a special orthopedic layer, this mattress relieves stressed muscles & supports postural alignment. It's powered with Heat Away™ Technology that maintains a perfect temperature balance. It's memory foam tufted fabric is anti-microbial and made with 40% recycled yarn. With ergonomically designed side handles for easy rotation, this mattress is thoughtfully designed for you.

ENERGISE

Mattresses with De-Stress Technology

Deep Relaxing Sleep That Fuels Your Active Lifestyle.

Great Sleep. Great Workouts.

We've cracked the code of energising your active lifestyle. The Energise range of mattresses are designed with special de-stress technology that alleviate pressure points while you sleep. No more average workout days, because these mattresses fuel your recovery and leave you feeling energised. That good 'ol feeling of acing the gym routine, imagine having that everyday.

3 ZONE COPPER INFUSED NRG LAYER

Smart grooves & copper-infusion for zonal support with extra air circulation & coolness

COPPER FOR BETTER COOLING AND HYGIENE

Copper's natural cooling & anti-bacterial properties ensure your mattress always feels fresh

ANTI-STRESS FABRIC

Specially designed knitted fabric repels negative ions & increases positive charge to deeply relax your body

SUSTAINABLE MATERIALS

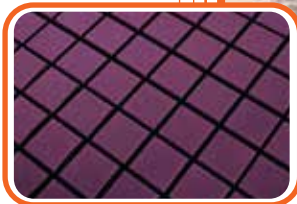

Fabric consists of 40% recycled yarn sourced from discarded PET bottles

Quboid

Powered by innovative Qube Cell Technology

The perfect balance of plush & firm was an impossible engineering feat until we created the Quboid. A mattress that fuels your active lifestyle with innovative Qube Cell Technology to reach that optimum balance in firmness. This is a mattress that's well ventilated for a fresh & cool feel.

The Science Behind Propel

The seamless contoured support of the Propel mattresses in our Energise range comes from 3 zone pocket springs.

Pocket springs are individually encased in non-woven cover and are not connected to each other.

THIS PROVIDES:

- Zero motion transfer for undisturbed sleep
- Optimum spinal alignment with zonal back support
- The right balance of softness and support

Propel Plus

De-stress with pocketed springs & plush Euro Top finish

No workout is not an option? Then here's a mattress that can help you recover and recharge everyday. Its Euro Top finish destresses critical pressure points and gives enhanced plushness. Its 3 zone copper infused NRG layer improves blood circulation & muscle relaxation.

WARRANTY

YEARS

Propel

De-stress with pocketed springs and innovative Tight Top finish

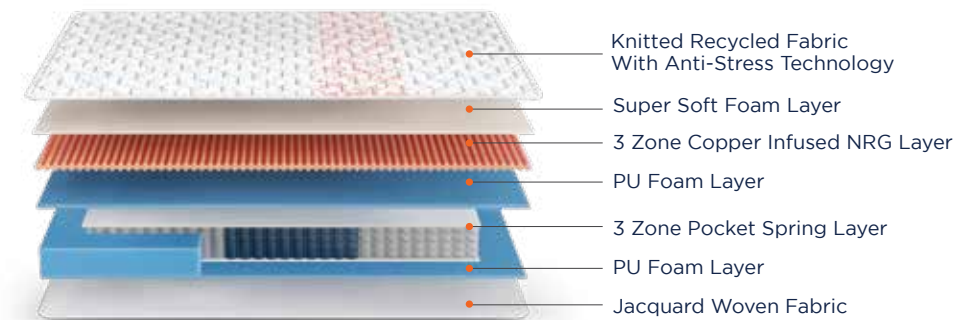

Comfort. Sleek design. De-stress technology. Propel is all of the above. Its independently encased pocket springs optimally support the body and minimise motion transfer. With tight top finish and great air circulation, it de-stresses pressure points and dissipates heat.

Science Behind Bolt

The Bolt mattresses in our Energise range are made using a layer of bonnell springs.

These are hourglass-shaped metal springs or coils that are interconnected.

THEY OFFER:

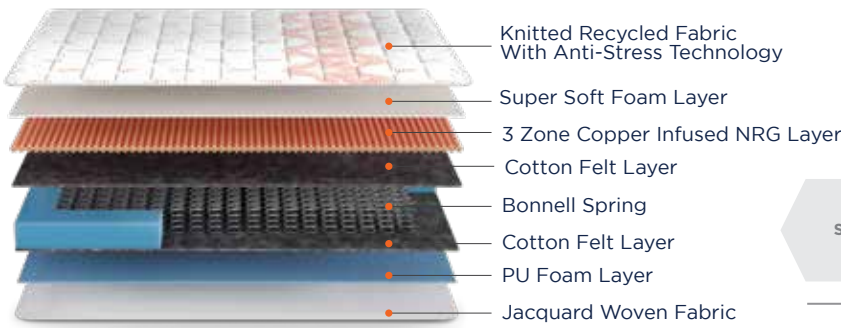

- The perfect balance of bounce and firm support
- A more relaxed feel and equal weight distribution
- Excellent durability and long-lasting comfort
- Greater sustainability since bonnell springs are easy to recycle

Boltt Plus

Interconnected Bonnell Springs with Euro Top finish

It touts excellent air circulation & durability, thanks to its high-quality Bonnell Spring frame. Its plush Euro Top gives optimal body support by keeping it firmer around the edges and softer in the centre.

natural living

Sleep made Sustainable

Bring the best of nature into your bedroom with our Natural Living range of mattresses. Crafted from the best natural materials, this range is rooted in the principles of sustainable living and is carbon conscious. This eco-friendly range uses biodegradable and 100 % natural materials like latex, coir and natural cotton fabric so you can sleep the way nature intended.

These natural latex mattresses are not only the epitome of luxury but also a green lifestyle choice. The latex used for this range is ethically and locally sourced from Kerala, where the journey of Duroflex began 6 decades ago.

The unique aesthetic of these designer mattress are inspired by flora livening up your bedroom and bringing you closer to nature.
