

V VAN HEUSEN
— INTIMATES —

1881

The humblest beginnings mark the foundations of Van Heusen. Moses Phillips begins selling hand sewn shirts from a small wooden handcart; laying the foundations for a company which would later be called Van Heusen.

1919

The company's designers dream up the greatest invention on shirts – The Collar. Dreaming of a process that weaves cloth at curved angle, John Van Heusen begins a nine year quest that leads him to invent the world's first collar.

1950

Leaders around the world, follow the same rules. And wear the same label. Ronald Reagan, the former president of America, Antony Quinn and Tony Curtis, to name a few, became endorsers of Van Heusen. We don't call it 'Power Dressing' for nothing.

2014

The power brand launches the Power Mark. For years, Van Heusen has inspired leaders to create impact through Power Dressing. It now introduces a mark to make a powerful statement- A symbol of style, sophistication and success.

1974

The empress decides to get new clothes. Queen Elizabeth issues a Royal warrant to Van Heusen, appointing VH the official clothier of Buckingham Palace.

1990

The global power brand enters India. The brand which pioneered 'Power Dressing' in USA for over a century, enters India in 1990 and makes corporate dressing more fashionable.

2006

The growth of an iconic brand for Men, Women and Youth. Having proved its mettle in menswear, the brand forays into western womenswear with everyday couture. In the same year, the brand launches VDOT – a bolder new face to address the dressing demands of younger consumers.

VAN HEUSEN

Van Heusen is India's No. 1 premium lifestyle brand for men, women and youth. With a rich heritage of 128 years, the brand entered India in 1990. It has had the unique distinction of establishing not only the brand, but also the ready-to-wear category in India. Today, Van Heusen effortlessly straddles an entire spectrum of occasions like

casuals, ceremonial and party wear and this is what sets Van Heusen apart as the premium lifestyle brand.

Carrying forward this legacy, Van Heusen now introduces its women's Lingerie and Athleisure range.
