DECORATIVE LAMINATE

Saket Mica is a new offering from the reputed brand, Purbanchal Laminates Private Limited. The product has been specially designed for making high quality furniture like cupboards, shelves, kitchen cabinet, business offices, partition, panels, makeshift ceilings and domestic interior.

What makes Saket Mica exclusive is its 'Zero defect' manufacturing process. The raw material used in the manufacturing process is of the best quality. This is backed by stringent quality control measures. The result is that product not only meets Indian quality standards (IS-2046:1995) but also internationally accepted standards like NMEA, LD3-1995 (USA) and EN-438(UK).

The company is an ISO:9001, 14001 and OHSAS 18001 accredited company. The Govt. of India has accorded the company the status of RECOGNISED EXPORT HOUSE for achieving stipulated export sale over a certain period of time. The company has also received the prestigious FSC (Forest Stewardship Council) Certificate from South Africa.

Saket Mica can withstand any test from day to day wear and tear to extreme pressures. It is resistant to cigarette burns, surface wear, high temperature, normal impact, stains and many more. This is the reason why company has been exporting its products to more than 25 countries. The company believes in giving back to the society as well and has planted over 1 Lakh trees across various parts of the country after tying up with an association called Grow Tree. It shows how concerned we are towards ecological balance of environment and natural resources worldwide. It also indicates our commitment towards judicious use of forest products.

The company has achieved certification of registration of C.E. Marking for our products from QSA International UK. Our registration no. is 1505459. C.E. Marking certificate is required to export goods in European counties.

The company has achieved Singapore Green Label certification for our products as 'Environmentally improved Low Emission Low Toxicity" from Singapore Environment Council. The company has been awarded with 16th Annual Greentech Environment Award 2015 by Greentech foundation for outstanding environment management and 6 Annual Greentech CSR Award 2018 by Greentech Foundation Delhi. The company has been awarded with 17th National India SME Excellence Award in the Manufacturing Sector.

The company has Green Guard Certification from USA, this certification indicates that the product has met some of the world's most rigorous and comprehensive standards for low emission of volatile organic compound (VOCs) into indoor air.

Saket Mica is available in the size of 2440mm x 1220mm with thickness of 0.8mm with 300 plus wide range of designs and with 30 plus attractive finishes. Saket Mica has been designed for interior use only and it is advised that the sheet is thoroughly checked for all defects before using or applying. Company's responsibility is limited to the value of its product only. Thus, Saket Mica gives you an array of choices in colour and finishes which help you create décor with a difference.

Product Information

Technical Name	High Pressure Decorative Laminated sheets
Size	2440 mm x 1220 mm (8'x4')
Thickness	0.8mm (±0.05mm)
Note	Saket Laminates products are free from any manufacturing defects and are suitable for utilization for normal and usual purposes only. It is recommended that the product should be inspired prior to installation. If found any visual defects, the product should not be used, cut, or altered in any manner.
Sample	Samples presented are indicative in all aspects i.e., color, pattern, surface finish, thickness, etc. High gloss sheets are recommended for vertical application only.

Care & Maintenance

Scratch and Impact protection :

Don't place lighted cigarettes directly on laminate surface. Knives or other sharp utensils may slice or scratch the surface. Don't chop, slice, pound or hammer on any laminate surface. Avoid ironing or placing a hot iron on laminate surface. Hot cookware should not be placed directly on laminate surface. Heavy blows of hammer or metal may crack the laminate surface.

Ordinary Cleaning

In most cases, only need to use a clean, damp, non-abrasive cotton cloth and a mild liquid detergent or household cleaner and rinse with clean water. Don't flood the laminate since water can be absorbed and results substrate to swell. Dry the surface with a soft, clean and non-abrasive cotton cloth.

Chemical Damage

Never use cleaners containing acid, alkali or sodium hypochlorite. These cleaners will mar, etch, corrode and permanently discolour the laminate surface. Also make sure that bottles, rags and other materials contaminated with these cleaners never come in contact with the laminate surface.

Direction Of Use
