About Us

We have been meeting the diverse needs of our clients since our establishment in 1966. We have introduced various products to the Indian market, raising standards while maintaining economies. We are proud to be a recognizable and dependable name in the industry, with over 500 satisfied dealers and several OEM clients. Our brands SH, ARJUN, and ITC have set benchmarks in quality in their respective fields.

Organizational Philosophy

Quality is never an accident, it is always the result of positive intention, sincere effort, skilful execution and wise choice among many available alternatives. Our team of qualified professionals, technicians and workers, dedicatedly put hard efforts to continuously raise the bar for the quality of all our products and Services Quality is the cornerstone of our success.

Our Team

Our team of talented professionals delivers uncompromised quality products. Our marketing team listens to customer feedback to stay updated on market trends. Our R&D team works to keep our business competitive and innovative. We offer a wide range of industrial fasteners for various industries, including building and construction, DIY, automobile, and agriculture.
