

A black and white photograph of a person with long, wavy hair, seen from behind, reaching their right arm upwards towards a bright, glowing light source. The air is filled with numerous small, bright particles, possibly dust or sparks, that are illuminated by the light source, creating a sense of movement and transformation. The background is dark and out of focus, with some bokeh light effects.

TRANSFORMING
DARKNESS
INTO
BRILLIANCE

MASCON
innovative lighting

ABOUT US

Welcome to MASCON, where brilliance meets innovation. Founded in 2007, we set out with a simple goal: to deliver unique, affordable and reliable lighting solutions.

Our mission is to transform environments through exceptional lighting solutions that resonate style and functionality.

Committed to quality, our team of experts crafts luminaires with sustainable materials, ensuring top-notch quality that redefine aesthetics while delivering unparalleled performance.

Mascon is more than just a brand; it's a one-stop lighting solution for a brighter world. Customer satisfaction is our priority, and our tagline, "INNOVATIVE LIGHTING," reflects our love for continuous improvement.

We are architects of ambiance, weaving together form and function to elevate your space. Join us in creating a tapestry of light that not only illuminates but narrates stories, enhances moods, and fosters unforgettable moments.

Join us on a journey of enlightened living, where every beam tells a story of sophistication and elegance and where innovation meets reliability, and together, we light up a better tomorrow.

Mascon shines anew with a revamped logo, embodying innovation and modernity. This visual transformation signifies our commitment to cutting-edge design and a radiant future. Welcome to a brighter chapter with **MASCON**

In our hearts forever

Newly Launched

All our Products are BIS Certified

We use Branded Chips like

We use branded drivers & can also customise as per need

Ultrathin Magnetic Track

www.masconlighting.com

M30-M1221 1MTR

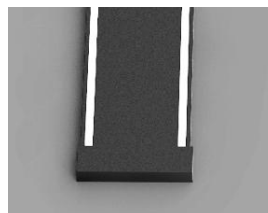

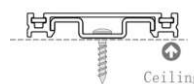

Input Voltage : 48V
Body Color: Black
Dimension : L1000*W30*H5mm
48v Ultrathin Belt for Mounting
Compatible Lighting Fixtures.
Contains Black PC Cover, Iron
Bracket, Copper Conductors &
Plastic End Caps.

MRP ₹ 650/-

ULTRATHIN BELT

M30-M1221 2MTR

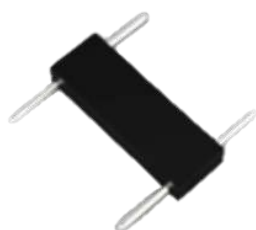

Input Voltage : 48V
Body Color: Black
Dimension : L2000*W30*H5mm
48v Ultrathin Belt for Mounting
Compatible Lighting Fixtures.
Contains Black PC Cover, Iron
Bracket, Copper Conductors &
Plastic End Caps.

MRP ₹ 1300/-

ULTRATHIN BELT

M30-SS

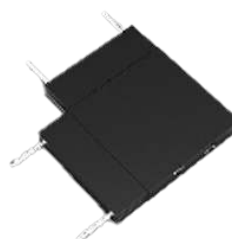

Dimension : 30*30*5mm
Used to continue 48V power from
one track to another in straight line.
Suitable for UltraThin Magnetic Belt.
Appl: Profile-Profile Connect
+ Power Conductor

MRP ₹ 105/-

ULTRATHIN BELT

M30-SL

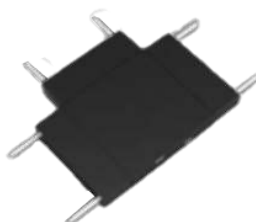

Dimension : 45*45*5mm
Used to continue 48V power from
one track to another in 45° L shape
ceiling to ceiling/ wall to wall.
Suitable for UltraThin Magnetic Belt.
Appl: Profile-Profile Connect
+ Power Conductor

MRP ₹ 280/-

ULTRATHIN BELT

M30-ST

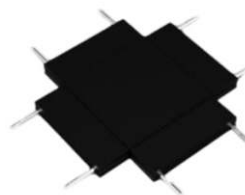

Dimension : 60*45*5mm
Used to continue 48V power from
one track to another in 3 way ceiling
to ceiling/ wall to wall.
Suitable for UltraThin Magnetic Belt.
Appl: Profile-Profile Connect
+ Power Conductor

MRP ₹ 350/-

ULTRATHIN BELT

M30-SC

Dimension : 60*60*5mm
Used to continue 48V power from
one track to another in 4 way ceiling
to ceiling/ wall to wall.
Suitable for UltraThin Magnetic Belt.
Appl: Profile-Profile Connect
+ Power Conductor

MRP ₹ 410/-

ULTRATHIN BELT

M30-SIO

Dimension : 25*25*30mm
Used to continue 48V power from
one track to another wall to ceiling
& vice versa.
Suitable for UltraThin Magnetic Belt.
Appl: Profile-Profile Connect
+ Power Conductor

MRP ₹ 105/-

ULTRATHIN BELT

M30-D1017A

100W

Integrated Power Supply to
Ultrathin Belt Track.
Can supply the 220V voltage
directly to the Adapter. Converts
220V to 48V. The body is
made in accordance with the
track width and size.
100W Capacity

MRP ₹ 3250/-

ULTRATHIN BELT

M30-D1018A

200W

Integrated Power Supply to Ultrathin Belt Track.
Can supply the 220V voltage directly to the Adapter. Converts 220V to 48V. The body is made in accordance with the track width and size.
100W Capacity

MRP ₹ 5520/-

ULTRATHIN BELT

turn the light off

MRP ₹ 1790/-

TOCCA

ML-R004A

2.4g based brightness & Color tuner
for any supporting light.
Input/Output : 12-24V
Maximum Capacity : 8.5A (100/200W)
Can Connect White Tunable or
Single Color Strip.
Pairs with Mascon M1 Remote.

MRP ₹ 1050/-

TOCCA

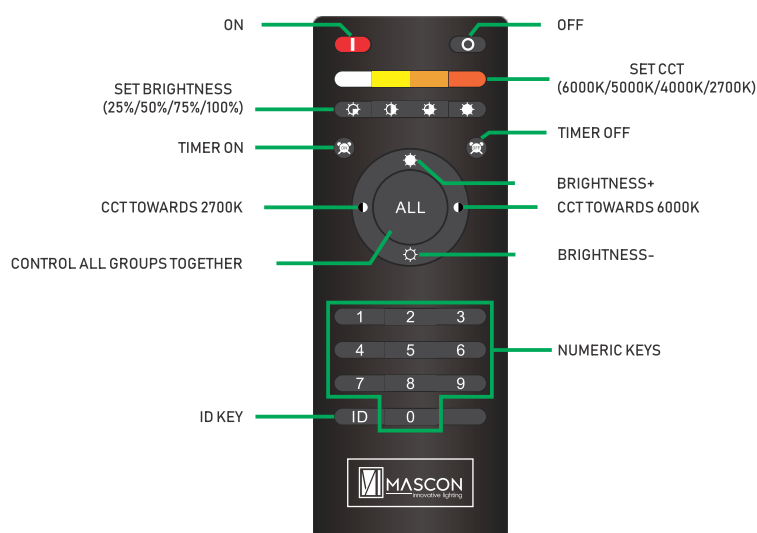

ML-R006

RF CCT controller
with touch based remote 12-24V

MRP ₹ 1870/-

TOCCA

A. Pairing Fixture With The Remote

1. Turn on the power of the desired light/lights to pair in a group.
2. Press a number from 1 to 99 (which will be the group number) once and then hold the power on button (red button) until the light/lights blink thrice.
3. Once the light/lights blink thrice, those lights are paired to that specific group number.
4. You can create upto 99 such groups, one individual group can control upto 99 luminaries.

B. Setting The Timer

1. Select the desired group for which you want to set the timer by pressing the group number.
2. Press the ID button.
3. Immediately then press the desired number of minutes after which you want to turn on/off the lights. You can enter a numeric value from 1 to 99 where 1 stands for 10 minutes and 99 stands for 990 minutes.
4. Immediately then press the Timer on/off button post entering the desired minutes.
5. The light then blinks once to indicate that it has accepted the command.

Note:

-For Instance: If you press 1 then the timer is set to 10 minutes; if you press 12 then the timer is set to 120 minutes.

-To cancel the timer follow the same steps used to set timer and enter 0 while entering the number of minutes, the timer is then cancelled.

-Only one command either to turn on or to turn off can be given once, if two commands are given the second command overwrites the first one.

-Do not turn off main power once a timer command is given, if turned off the timer is cancelled.

ML-R021 PIR **200W**

Input : AC100-265V, 50/60Hz
Sensor Type : Motion Sensor
Cutting : 70-80mm
Dimension : 86*36 mm
Adjustable Time Delay & Ambient Light
Detection Range : 360°/7 MTR
Warranty : 12 Months

MRP ₹ 1050/-

KNOWLEDGE OF LIGHTING BASICS

LED (Light-Emitting Diode)

A semiconductor device that emits light when an electric current passes through it.

Lumens

The measure of the total quantity of visible light emitted by a light source; it indicates the brightness of the light.

Wattage

The amount of electrical power consumed by an LED light bulb, which may not directly correlate with brightness due to the efficiency of LED technology.

LUX

Is a unit of measurement for illuminance, which is the amount of light that falls on a surface. In simpler terms, lux measures the brightness or intensity of light as perceived by the human eye.

Color Temperature

Expressed in Kelvin (K), it defines the color appearance of the light emitted by an LED source, ranging from warm (lower Kelvin) to cool (higher Kelvin).

CRI (Color Rendering Index)

A measure of how accurately a light source reveals the true colors of objects compared to natural light, expressed on a scale from 0 to 100.

Driver

The electronic component that regulates and supplies power to the LED, ensuring proper voltage and current levels.

Dimmable

LEDs that can be adjusted to emit varying levels of light, providing control over brightness.

Heat Sink

A component designed to dissipate heat generated by the LED, helping to maintain optimal operating conditions and prolonging the LED's lifespan.

Flicker

Rapid and repeated fluctuations in light output, which can be a concern for some individuals and may affect visual comfort.

IP Rating (Ingress Protection)

A two-digit code indicating the level of protection against solids and liquids for LED fixtures, essential for outdoor or damp environments.

UGR (Unified Glare Rating)

It is a metric used to quantify the level of discomfort caused by glare from luminaires (light fixtures) in indoor environments.

TERMS & CONDITIONS

- All the prices are inclusive of GST as applicable.
- All the dimensions given are in millimeters (mm).
- Product dimensions and photo may vary from that shown in catalogue (represented to the best of graphic possibility).
- Stocks are subject to availability.
- Prices and specifications may change without prior notice.
- Goods once sold will not be taken back or exchanged.
- In case of any rift, the decision of the company shall be final.
- Warranty terms would be void if goods are used under improper conditions like abnormal surge, continuous voltage fluctuations, wrong installation, operations with heavy equipments, use by D.G sets, etc
- Any damage to fixture due to physical fall, painting operations at site, etc shall not be covered under warranty.
- The pricing for customized products is subject to adjustment based on specific project requirements.
- The Copyrights of all designs, drawings, specifications & information contained are and shall remain the property of  & must not be used, copied or published by any person in whole or in part without exclusive written authorization from the Company.
