Edition #13

Ozone continues with the concept of "Total Vision" to create transparent & elegant commercial spaces. Every fitting in our architectural glass hardware range is designed to meet the concept of "Total Vision".

Ozone, a leading name in architectural hardware domain, offers high quality architectural hardware & safety solutions worldwide. It has achieved many accolades internationally for its innovative and technologically advanced products and solutions. Its manufacturing capability enables it to offer turnkey projects of all sizes. The design team includes architects, product designers & structural engineers who innovate and support the customers and project managers. Offering more than 5000 products from its portfolio intelligently divided into 08 broad categories based on application. Ozone has been continuously innovating to offer best solutions complying with international norms of safety & quality.

## Manufacturing Capability

Our state-of-the-art manufacturing units located in India and overseas enable us to provide Standard and Customized Architectural Hardware & Infrastructural Solutions in Stainless Steel.

### Our strengths are:

- Over 20 years extensive experience of operating in Architectural Hardware Industry and Digital Safes
- Dedicated 20 years technically experienced team
- Advanced automated machines & tools
- Ability to undertake OEM & ODM projects
- In-house R & D set-up for offering right mix of design, cost, quality and delivery
- Project support & customer service team

CNC Laser Cutting Machine

## AUTOMATED STATE-OF-THE-ART Manufacturing Facility

Our manufacturing units are equipped with the latest and technologically advanced machines. These comprise CNC laser cutting machine, CNC water jet cutting machine, CNC shearing machine, robotic welding & automatic polishing machines that enable us to manufacture all types of hardware fittings in stainless steel material and finish, standard as well as customized, as per international safety & quality norms.
