**EXCELLENT QUALITY
IN INDIA**

Salient Features

Hardware is not only the jewellery of a home. Also it is the crowning glory of your beautiful doors, windows and the final detail in furnishing your home. A stunning & unique entry door set or bedroom door set from Hardware.

Chitra not only adorns your fine home but ensure productivity, security along with elegance, which last long. That is the true value of buying high end hardware. A fascinating aspect of hardware is that in the most elegant of homes, the only thing you ever really touch is the hardware, making it a vitally important choice. Superior craftsmanship and finishes, timeless design and precision engineering, will serve you well and enhance your home's value for years to come.

Chitra has made extraordinary hardware for small and large projects : Luxury villas and estates, high end boutique, hotels and winning resorts. Chitra's vision stemmed from the idea of introducing the West to the exceptional work of Indian artisans. It maintained a striking balance between the two different worlds and this was integral to the success of this venture, original designs, unexpected finishes, the best quality materials and precision engineering. The company has added sustainable design and production, caring for the environment.

Finish and Precision is what sets Chitra apart, so much so that our customers now expect the unexpected from the company. The company's USP is exceptional finish and precision working.

You will not find any other hardware like it in the world. That offer extraordinary product ranges, each with its own unique features.

Team Chitra Enterprises

MODERN SIMPLE LIFE & **design**

Due to our excellent designer team, who aim at researching and designing products. Chitra have launched over 10 new designs which are attractive and can meet the need of market. What is important is that we apply for patent on our designs to make sure they are unique and competitive.

Mukesh Pradhan
Product Designer, R&D

Product Design must reflect the soul of the brand. That is an idea of simple and pure to serve in a daily life.

Ramesh Chandra
3D, Space Designer

Look to the past to design the present with ideas that peer into the future", this is the design philosophy, a designer who when developing a design, associate the demand of the future market.

Priyanka Jain
Online Promotion & Branding

Process fo using the internet world wide various platform to promote our brand. It is essential if you want to get brand exposure at a reasonable cost.
