At Virgo, quality is of utmost importance and we maintain the same quality in all of our business heads. We never compromise on quality and that is why we are recognized as indisputable leaders of laminate, plywood, aluminum, PVC and ACP. Apart from our adherence to quality, our 31 years long experience trail helps us deliver unmatched products to our customer. Be it laminate, plywood or aluminum products, for us, customers satisfaction is a barometer of our progress. In fact, we also focus on the overall development of society by favouring sustainable development. We are equivalently concerned about the environment, so we produce eco-friendly products that do not harm nature. We always stick to our ethos, value system and professionalism that fuels our spirit to serve the finest quality products. This is applicable in each and every stage of the manufacturing process. Right from picking up the raw materials to serving the final product, we observe all the standards of quality and safety due to which, today, we have earned the market recognition of highest producer and exporter of laminates. We aspire to hold this position for many more years to come by keeping on innovating and serving exactly the right products.

3D VIEW OF PRODUCT

Laminates are materials that comply with the standards of functionality while also providing homeowners with an aesthetically appealing quality. Here, you will find a unique QR code with each design. Once being scanned by your mobile device, it will allow you to see a 3D visualisation of your chosen laminate design, making your selection process even easier and amazing.
